HOW TO PAINT IN WATERCOLOR

In this class you will learn to implement key concepts and watercolor painting techniques that will allow you to have a deeper understanding of the medium. Each art lesson includes one-on-one guidance with focus on the top principles of creating a solid painting:

- How to draw
- Value relationships
- How to Paint color interpretation
- Composition
- Watercolor techniques
- How to use your art supplies

As you understand these elements through painting pictures you will have better control of the medium and gain a deeper understanding of the creative process of transparent watercolor.
